

Atos system Roller blind

Strength and coverage

With its Atos system, Bandalux presents you the solution for covering large areas.

This is a new concept in roller blinds combining tough, reliable mechanisms and convenient motorised operation with the possibility of adding Bandalux automatic devices (combined controls, remote controls, wind/sun sensors, etc.).

The Atos system can be ordered with a single drop (to cover up to 4,75 metres in width) or double drop (covering up to 9 metres in width), both of them featuring Bandalux quality.

Options  crank  motor
